## Trace Syllables Answer Key

All words have two syllables. Students should say both parts while tracing.

1. baby → ba | by
2. napkin → nap | kin
3. tiger → ti | ger
4. picnic → pic | nic
5. robot → ro | bot
6. kitchen → kit | chen
7. paper → pa | per
8. rabbit → rab | bit

### Teacher's Guide

- Model first: trace robot and say ro, bot while pointing.
- Remind students to use slow, neat tracing and to say the chunks out loud.
- Support: clap or tap twice before tracing to preview the syllables.
- Extension: have students draw a small star over the syllable they hear first, then reread the whole word.
