

Name _____

Syllable Clap Answer Key

All words have two syllables. Students should circle 2 for every item.

Teacher's Guide

- Use a quick model first: say **apple**, clap two times, point to the number 2.
- Have students tap, clap, or lightly drum on the desk to connect motor skills with sound.
- If needed, say each word slowly and split it: ap-ple, pen-cil, win-dow.
- Extension: Ask students to find another two-syllable word in the room and share it.
