

Name \_\_\_\_\_

## Bright Syllables Answer Key

Each word has two syllables. Students highlight each part in a different color.

- panda → pan | da
- caboose → ca | boose
- napkin → nap | kin
- candle → can | dle
- pilot → pi | lot
- racket → rac | ket
- window → win | dow
- turtle → tur | tle
- music → mu | sic
- basket → bas | ket

### Teacher's Guide

- Model one first: say **music**, touch each part, highlight **mu**, then **sic**.
- Encourage students to **say the syllables out loud** while they color.
- Support: clap twice before highlighting so students can hear each beat.
- Extension: ask students to choose one word and draw a small dot above each syllable they hear.
